

Call for Papers

IEEE RFID-TA 2024

Venue: Hilton Daytona Beach
Oceanfront Resort

Organizing Committee

General Chair

Eduardo A. Rojas-Nastrucci
Embry-Riddle Aeronautical University, USA

General Vice-Chair

Nicolas Barbot
University of Grenoble Alpes, France

TPC Chairs

Riccardo Colella
National Research Council, Italy
Nuno Borges Carvalho
University of Aveiro, Portugal

Special Sessions Chairs

Alessandro Cattaneo
Los Alamos National Laboratory, USA
Andrea Michel
University of Pisa, Italy

Publications Chairs

Alice Buffi
University of Pisa, Italy
Peter J. Hawrylak
University of Tulsa, USA

Publicity Chairs

Andrea Motroni
University of Pisa, Italy
Francesco Paolo Chietera
University of Salento, Italy

Finance Chairs

Charles Rubenstein
Pratt Institute, USA

Ultan McCarthy

South East Technological University, Ireland
Gaetano Sterlacci
Embry-Riddle Aeronautical University, USA

Registrations Chair

Kate Graves
Georgia Institute of Technology, USA

Patrons Chair

Christopher Saetia
Georgia Institute of Technology, USA

Local Arrangements Chair

Ali Abedi
University of Maine, USA

Operations Chair

Gayle Goldner
Goldner Management Services, LLC

The 14th IEEE International Conference on RFID Technology and Applications is seeking high-quality submissions for papers (from 2 to max 4 pages) on RFID (Radio Frequency Identification) and RFID-related systems. IEEE RFID-TA 2024 is an opportunity to share, discuss, and witness research results in all areas of RFID technology and its applications.

IMPORTANT DATES

Paper Submission Deadline: ~~September 16, 2024~~ **September 30, 2024**

Notification of acceptance: **October 15, 2024**

Final Paper Submission: **November 15, 2024**

Conference Dates: **December 18-20, 2024**

<https://2024.ieee-rfid-ta.org>

TOPICS

Topics of interest are, but are not limited to:

- Active, smart and programmable RFID tags
- Antenna design and characterization
- Artificial Intelligence for RFIDs
- Channel measurements and modeling
- Chipless RFID technology
- Circuit design and characterization for readers and tags
- Coding and modulation schemes
- Cybersecurity and privacy-enhancing techniques
- Energy Harvesting and Wireless Power Transfer
- Green technologies for RFID
- Millimeter-wave identification and sensing
- MIMO, UWB and hybrid RFIDs
- Modeling, simulation and implementation of RFID systems
- Multi-reader coordination and interference reduction
- Near Field Communications
- Networking and communication concepts
- Next-generation RFID applications
- RF tomography and environmental sensing
- RFID-based infrastructures for Internet of Things
- RFID-enabled localization systems
- RFID applications in healthcare, wearable, precision agriculture, transportation, safety, security, inventory management, logistics, fashion, retail
- RFIDs for backscattering
- RFIDs in Digital Twins
- RFID for Industry 4.0 and for Smart Cities
- RFID manufacturing processes, 3D and inkjet printing
- RFID sensors
- RFID software, middleware and protocols

Proposals for special sessions on highly relevant and state-of-the-art topics will be considered.

Special session proposal deadline: August 25, 2024

Accepted and presented papers will be published on IEEE Xplore, and authors will be enrolled in IEEE RFID-TA 2024 **Best Paper Award** and **Best Student Paper Award** competitions. A Special Issue of the **IEEE Journal of RFID** will promote the most important results presented at the conference.
